U.S. BANKRUPTCY COURT  
EAST MICHIGAN DISTRICT  
DETROIT

Pension Cuts  
Case # 13-53846

June 24, 2014

Judge Steven W. Rhodes

My name is Rosalie Fedenis  
and my husband is a general retiree  
who worked 31 years for Dept of Trans-  
portation. He started as a Mechanic  
in 1976 and retired as Asst.  
Superintendent 2007.

I would like to add he was a  
very dedicated, hard working  
man who made a difference in  
the transit system for the city of Detroit.

We raised two children and  
tried to teach them by example that  
hard work and sacrifice pays off but  
now we are left with trying to  
figure out how we are going to  
survive. Where are our guarantees?

The elimination of our health  
care, dental, vision and now they  
are threatening us to vote yes or  
else! Voting yes will be an additional  
cut of 4.5% to his pension, loss of COLA  
and a huge (CLAWBACK) on his

cont.

annuity money that was mandatory when he hired in which was money he invested to supplement his retirement.

The Annuity was invested in the market and did well, it cost the city NO money to supplement his Annuity between 2003-2007 now they want to take away the interest on his investments that he put into his Annuity from his pocket.

How is this legal? Its totally destroying our future. I understand you have to approve the Plan but how is it legal to take away everything that someone has worked so hard for?

my husbands cuts come to 58% to his monthly income and the (CLAWBACK) doesn't stop until my husband and myself are deceased, its not right.

Thank you Judge Rhodes for your time.

Sincerely,  
Rosalie Fedenis
